

Crossville® 12x24 Gotham Waterfall Display

With the grit of a hero and the tenacity of a protagonist, Gotham achieves the sought-after concrete look with streamlined installation and the strength of certified porcelain tile. Just as every city holds potential, Gotham delivers unique design possibilities by capturing the most desired hues in stained concrete. Subtle striations and aggregate finishes create a depth and integrity that ensure design applications will be discovered around every corner, on every block. Having saved the day for industrial-chic design, Gotham masks its porcelain identity in style and reveals only a cosmopolitan foundation for the next generation of superstructures.

Program Includes:
