Origins Glass™

Old-World craftsmanship is revitalized with the vivid hues of Origins Glass tile from Crossville®. Now color consistency is achievable in tile that looks hand-made. Taking its cue from nature, the line is separated into 5 distinct groupings: Earth, Universe, Fire, Water and Air. Surface textures and swirls compliment the bold, clear color and may include iridized techniques.

As gorgeous as Origins Glass is, these tiles also serve a purpose beyond beauty. Made of recycled glass, Origins Glass tiles require fewer raw materials to be used in production. As part of Crossville's glass tile program, with every purchase of Origins Glass mosaics, Crossville contributes to Common Thread for the Cure. This program offers care and support to families affected by breast cancer.

Wet Area Use

Origins Glass™ tiles can be used in water applications such as pool liners, fountains, and spas.

Care and Maintenance

Regular cleaning is the best way to keep Origins Glass™ tile looking good for years to come. Use clean, hot water (combined with a non-abrasive household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. No waxes or sealers are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

Recommended Use

Origins Glass™ tile can be used for interior walls and covered exterior wall applications. Origins Glass is not recommended for exterior horizontal surfaces or exterior paving.

Shade & Texture Index

Origins Glass™ has a shade variation of V3.

V1=Uniform Appearance
 V2=Slight Variation
 V3=Moderate Variation
 V4=Substantial Variation

Due to the nature of our glass tile, there will be a certain amount of variation in color, shade, tone, texture, and size. Frequently you may notice bubbles, wrinkles and folds in the glass. These are consistent with a cast glass product. Please open and inspect each box of glass tile upon delivery. Buyer is responsible for both inspection and acceptance of the material prior to installation.
